BY AREEJ · areej.studio

MODE D'EMPLOI

1. Imprime les planches sur papier 160-200g (ou papier photo mat).

2. Decoupe les elements aux ciseaux — les bords irreguliers font le charme !

3. Colle, scotche ou epingle dans ton journal, agenda ou sur tes lettres.

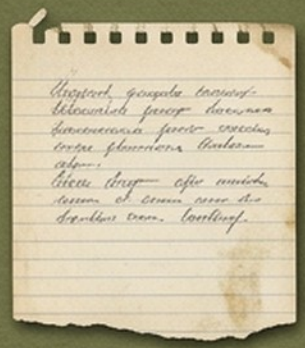

4. Melange les papiers, fleurs, cartes et breloques pour creer tes pages.

5. Les citations et l'alphabet tampons servent de titres et de mots doux.

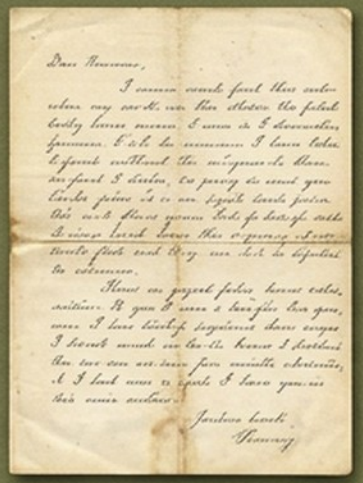

6. Reimprime autant de fois que tu veux — le kit est a toi pour toujours.

Amuse-toi bien !

respire

un pas a la fois

quelque chose de beau
arrive bientot

sois douce
avec toi-meme

aujourd'hui compte

ecris ce que
tu ressens

tout passe

le calme
est une force

fais une pause

reve grand

ici & maintenant

petit moment
precieux

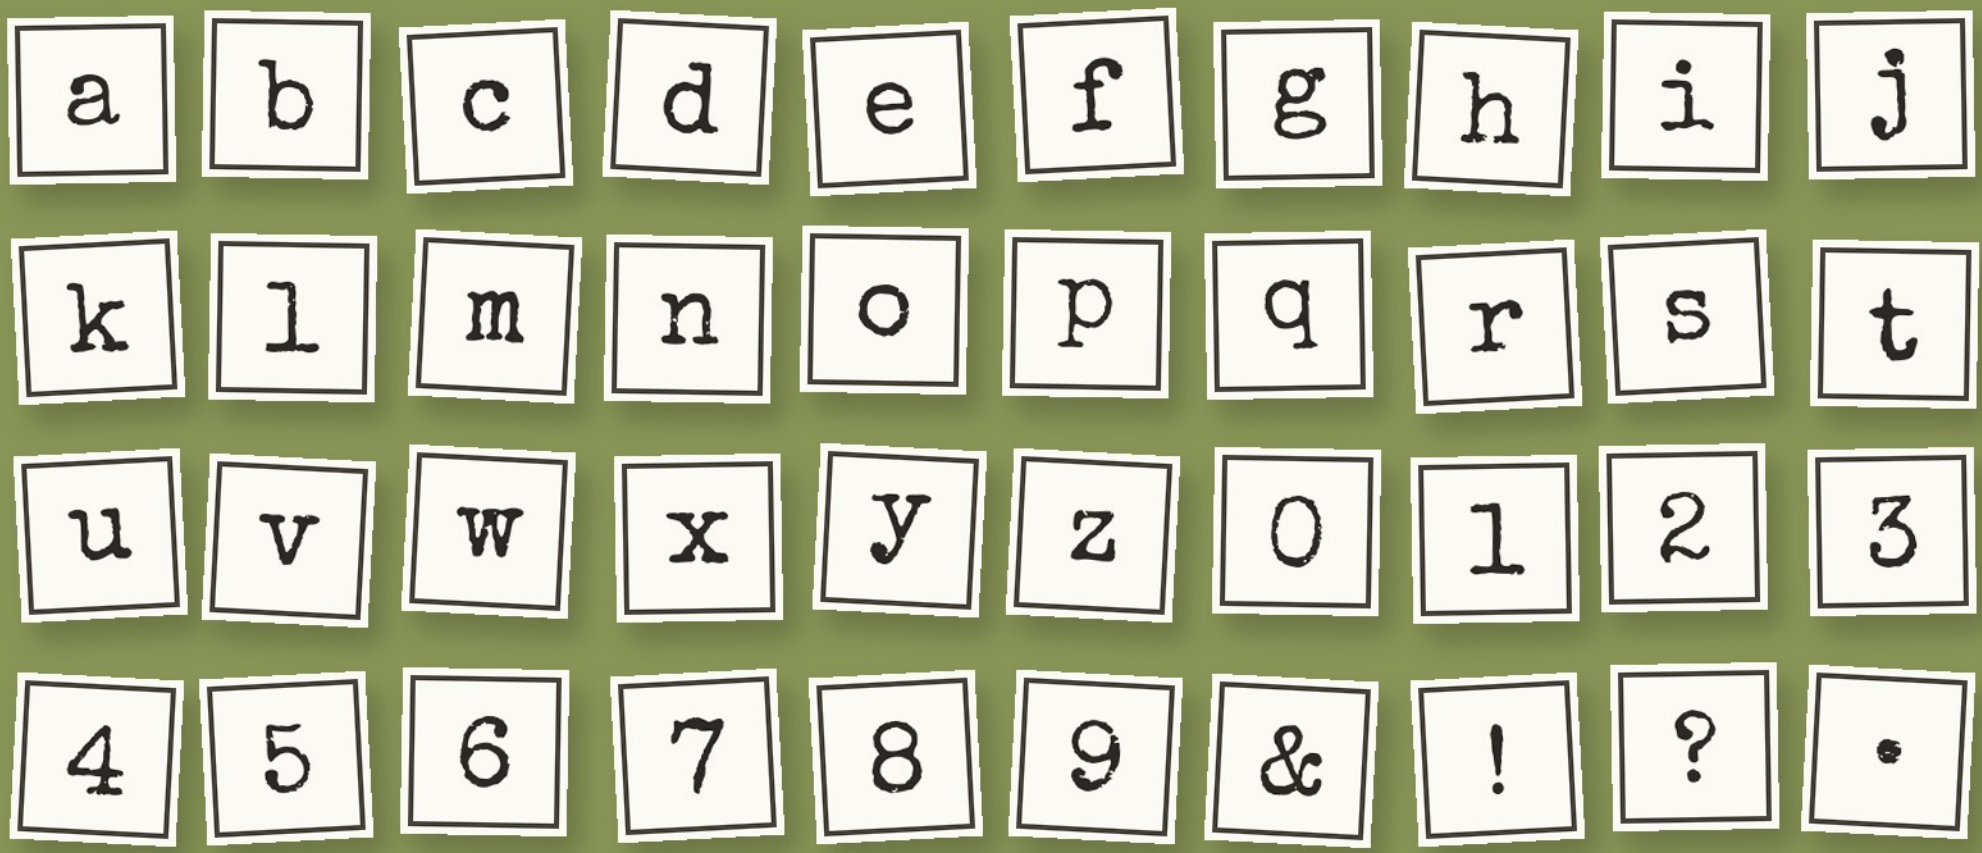

je suis assez

cueille le jour

merci

doucement mais
surement
